About AMA Pro Racing

AMA Pro Racing is the leading national sanctioning body for professional motorcycle sport in the world.

A subsidiary of the 250,000-member-plus American Motorcyclist Association (AMA), AMA Pro Racing was formed in 1995 to respond to the rising popularity and tremendous growth of motorcycle racing in America. The formation of a separate company with a separate Board of Directors and management staff allowed the AMA to continue its focus on government relations, pursuing, protecting and promoting the interests of motorcycle enthusiasts, membership growth and other issues. AMA Pro Racing concentrates exclusively on the business and complexities of professional motorcycle racing.

Rights to the most successful national championship series are managed by AMA Pro Racing. Those series are: AMA Supercross Series, AMA Chevrolet Superbike Championship, AMA Chevrolet Motocross Championship and AMA Progressive Insurance Flat Track Championship. AMA Pro Racing's successful management of these series dates back several decades. AMA Pro Racing's newest series, the AMA Red Bull Supermoto Championship began in 2003 and was an immediate success attracting top-level riders, teams and sponsor support.

For these series, AMA Pro Racing sanctions and manages the operations of nearly 100 professional racing events annually through its 28 full time employees and dozens of part-time employees and volunteers. As the sanctioning body, AMA Pro Racing makes and enforces the sporting and technical rules for competition, creates the class structure for races, and determines rider eligibility.

AMA Pro Racing also manages the commercial development of its series, securing sponsorships, negotiating television packages, exploring new markets for racing and planning for the long-term success of the sport by attracting more fans and sponsors. AMA Pro Racing oversees the production and distribution of motorcycle racing television coverage for AMA Superbike, AMA Motocross, AMA Flat Track and now, AMA Supermoto. In 2004 AMA Pro Racing events will continue to be televised to over 90 million-plus U.S. households via leading cable networks ESPN, Speed Channel and the Outdoor Life Network as well as millions of additional homes in key international markets worldwide.

AMA Pro Racing's vision is for it to continue to be the premier provider of motorcycle racing in the United States. The organization's goal is to provide a fair and stable environment for competitors while managing the commercial development of the sport in a manner that continuously improves the economic growth opportunity for all stakeholders.

AMA Pro Racing headquarters are located in the Columbus, Ohio suburb of Pickerington. Additionally, AMA Pro Racing has established an office in Los Angeles, California to respond to the expanding needs of the motorcycle industry and racing community. The CEO is Scott Hollingsworth, and the Chairman of the Board is PJ Harvey.

About the American Motorcyclist Association

The American Motorcyclist Association is a 250,000-member-plus organization with an unparalleled history of pursuing, protecting and promoting the interests of the world's largest and most dedicated group of motorcycle enthusiasts. Founded in 1924, the AMA exists to further the interests of American motorcyclists, while serving the needs of its members.

The AMA is the premier defender of motorcyclists' rights in the United States. The work of the AMA Government Relations Department extends beyond AMA members to all motorcyclists. Staff members ferret out bad laws and anti-motorcycling discrimination at the local, state, federal and corporate level. When critical issues and problems arise, education, common sense, political clout and, when necessary, compromise are used to make changes beneficial to all riders — even those who aren't AMA members.

The AMA is also the world's largest motorsports sanctioning body. Its AMA Pro Racing division oversees more than 80 national-level racing events all over the United States, from the high banks of Daytona and the high jumps of Supercross to the shoulder-to-shoulder combat of dirt-track racing and the explosive action of hillclimbs. The AMA's Member Events & Entertainment Department coordinates thousands of amateur races with dozens of competition classes for everyone from grade-school kids to senior riders.

In addition, the AMA is the sole American affiliate of the Fédération Internationale de Motocyclisme (FIM), the international governing body for motorcycle sport and touring activity.

Since its founding, the AMA has relied on its chartered clubs and promoters to help advance the goals and protect the interests of motorcyclists. Today, there are more than 1,200 chartered clubs and promoters organizing over 3,700 road-riding and competition events each year.

The AMA also publishes American Motorcyclist magazine, covering every facet of motorcycling. In addition to the people, places and events that make up the American motorcycling experience, the magazine offers in-depth stories on the legislative issues that affect everyone who rides.

AMA members enjoy dozens of benefits, including discounts on specialized insurance, vehicle rental, lodging, motorcycle training, eyewear and bike shipping. Those discounts, and optional benefits like roadside assistance and trip-routing programs, can easily pay back more than the \$39 cost of annual dues.

The AMA's headquarters in Pickerington, Ohio, is also home to the Motorcycle Hall of Fame Museum, where visitors can see a collection of vintage bikes and informative displays showcasing the beautiful designs and remarkable technologies that have placed motorcycles at the leading edge of the transportation industry.

If it's motorcycling, the AMA is very likely involved in it.

AMA Superbike Championship History

The AMA Superbike Championship traces its roots back to 1934, when the AMA first organized motorcycle road racing in the United States. Over the years, the AMA has organized many different road race classes to keep pace with the continuously evolving technology of motorcycles.

The AMA Superbike Championship was created in 1976 to provide an affordable, level playing field for professional race teams, and as a platform for motorcycle manufacturers to showcase their production sport-performance models. The success of the AMA Superbike formula led to international adoption by the Fédération Internationale de Motocyclisme (FIM), and subsequent implementation in virtually every developed country in the world.

A major change occurred in 1986, when the AMA's professional road racing program was separated from the overall Grand National Championship program. Prior to 1986, riders accumulated points in a variety of race formats including road racing, dirt oval, short track and tourist trophy events. While separate road racing championships were awarded, points collected from the various formats could be combined and applied toward a single elite goal: the coveted AMA Grand National Championship title. Since 1986, the AMA Superbike Championship, road race support classes and Grand National Championship have existed as independent championship series.

Today, the AMA Superbike Championship stands as the world's premier national Superbike series, and tours with the AMA Supersport Championship, AMA Superstock, and AMA Formula Xtreme classes. The AMA Superbike Championship and support classes are defined by some of the closest and most heated competition in motorsports. New developments in rider training and motorcycle technologies continuously redefine the limits of personal performance and push the laws of physics to the very edge.

The world's top motorcycle manufacturers develop and showcase their leading-edge technology at AMA Superbike races. The adage, "Race on Sunday, sell on Monday," still holds true. These elite championship teams attract an international field of top-caliber racers from every corner of the globe.

The AMA Superbike Championship and support classes are followed by millions of fans around the world, at race events, on television broadcasts and via the internet.

Race Related Terminology

AMA American Motorcyclist Association.

AMA Pro Racing The leading national sanctioning body for professional motorcycle sport in the world.

CC Cubic centimeters in reference to engine displacement.

Claiming Procedures for competitors to purchase motorcycles or parts that another competitor has used in final event competition.

Displacement The space covered or volume swept out by the engine piston at each stroke.

Disqualification Unless otherwise specified, the forfeiture of all points, awards and prizes earned during a particular race.

Flaggers Workers stationed at various points around the track to advise riders of track conditions by using different color flags. Also known as "corner workers."

Get Off A crash.

Heat Race A qualifying race determining which riders advance to the main event.

High-side A crash where the rider goes over the top of the bike, as opposed to laying it down, or a "low-side."

Hole Shot Taking the lead into the first turn of a race.

Homologation The process of acquiring eligibility for a motorcycle to be entered in competition. Homologation rules are formulated to create parity among race bikes, and to maintain a level playing field for competitors.

LCQ Last Chance Qualifying race: where a limited number of top finishers advance to the main event.

Line The fastest way around the track, or through a particular part of the track. Can vary with changing course conditions.

OEM Original Equipment Manufacturer.

Pit / Paddock Area primarily designated for the preparation and maintenance of race equipment. May also include parking for transporters and other support vehicles.

Pit crew Mechanics and/or team assistants.

Privateer A racer competing without benefit of a factory contract or major sponsor support.

Program The predetermined outline of events that make up a race.

Qualify To advance to the final race event by time trial or finish position in a heat race.

Seize When an engine fails due to excessive heat buildup.

Stoppie Riding on the front wheel only, usually under hard braking.

Thumper Descriptive term regarding the deep exhaust note of a four-stroke motorcycle engine.

Wheelie Riding on the rear wheel only, usually under hard acceleration.

Wrench Slang for mechanic.

Works Refers to parts being tested in competition by a manufacturer.

Ben Bostrom

Birth date: May 7, 1974
Birthplace: Redding California
Residence: Las Vegas, Nevada
Height: 5'11"
Weight: 160 lbs.
Turned Pro: 1990

Year-end AMA Ranking

2003 4th (SB), 23rd (Supersport)
2000 54th (SB)
1999 2nd (SB)
1998 1st (SB), 5th (600SS)
1997 16th (SB), 12th (600SS), 2nd (750SS)

1996 2nd (ST), 4th (600SS), 22nd (750SS)

1995 7th (ST), 20th (600SS), 38th (750SS)

1994 20th (ST)

1993 82nd (ST)

Career Highlights

2003 Ben earned six AMA Superbike podium finishes, including a second-place at the Daytona Intl Speedway season opener... He entered select rounds of the AMA Supersport Championship, his best result a sixth-place at Mazda Laguna Seca Raceway... Raced with American Honda team.

2002 Bostrom competed in the World Superbike Championship with the L&M Ducati team, completed the season ranked 5th in points.

2001 Bostrom raced in the World Superbike Championship, completed the season ranked 3rd in points.

2000 World Superbike competitor Bostrom entered the AMA Superbike race at Willow Springs. In the WSC, he took two podium finishes at Valencia, Spain, and finished the season ranked seventh overall.

1999 Bostrom took the AMA Superbike win at Brainerd Intl Raceway, six additional podium finishes and won the U.S. round of the FIM World Superbike at Laguna Seca... He was in contention for the series title again, finishing just ten points behind 1999 AMA Superbike Champ Mat Mladin... Rode with Vance & Hines Ducati...Called up to Ducati World Superbike team for 2000.

1998 Bostrom won the 1998 AMA MBNA Superbike Championship, finishing outside the top-five just twice all season, and taking podium finishes at both rounds of the Road Atlanta "Big Kahuna" double-header, Road America and the season finale at Las Vegas Motors Speedway...Ben also contested the Pro Honda Oils 600 SuperSport series, taking the series win at Atlanta and a podium finish at New Hampshire Intl Speedway...Nominated for AMA/Speedvision Athlete of the Year Award...Raced with American Honda.

1997 Ran in the Teamline 750cc SuperSport Series and had four podium finishes...Had three top-10 finishes in MBNA Superbike...Race in Pro Honda Oils 600cc SuperSport, best finish was fourth at Phoenix

International Raceway...Rode for Zero Gravity Racing.

1996 - Won five SuperTwins finals and was just barely beaten out for the title by arch-rival and friend Matt Wait...Finished either first or second in every SuperTwins race except for Loudon...Earned three podium finishes in the highly competitive 600cc SuperSport class...Raced for Zero Gravity Honda and Bartel's Harley-Davidson.

1995 - Raced for Bartel's Harley-Davidson in SuperTwins...Scored an excellent third-place finish in the 750cc SuperSport final at Firebird International Raceway on a Honda CBR600...Won his first AMA National, the SuperTwins final at Firebird International Raceway in Chandler, Ariz.

1994 - Best results came at Road Atlanta and Laguna Seca with 10th-place finishes in the Harley SuperTwins finals.

1993 - Scored his first AMA National points in road racing with a 27th-place finish in the Harley SuperTwins final at Daytona.

Eric Bostrom

Birth date: November 19, 1976
Birthplace: San Francisco, California
Residence: Las Vegas, Nevada
Height: 5'10"
Weight: 155 lbs.
Turned Pro: 1993

Year-end AMA Ranking

2003 7th (SB)
2002 2nd (SB), 98th (Supersport)
2001 2nd (SB), 1st (600SS)
2000 4th (SB), 2nd (600SS)
1999 7th (SB), 9th (600SS)

1998 18th (SB), 3rd (600SS), 1st (FX)

1997 11th (600SS), 19th (750SS), 1st (ST)

1996 6th (ST)

1995 4th (ST)

1994 12th (ST)

Career Highlights

2003 Eric earned AMA Superbike wins at Pikes Peak Intl Raceway and Road America, and made four additional series podium appearances... He was in contention for the AMA Superbike Championship title when his season was cut short by injury... Raced with factory Kawasaki team.

2002 With four wins and seven additional podium finishes, Bostrom was in contention for the AMA U.S. Superbike title... He finished the season as the championship runner-up for the second year in a row... Earned Superbike pole position four times... Raced with the factory Kawasaki team.

2001 Bostrom earned AMA U.S. Superbike wins at New Hampshire Intl Speedway and Laguna Seca, and took three additional series podium finishes, ending the season as runner-up for the title... He won the AMA U.S. SuperSport Championship with wins at Road Atlanta, Laguna Seca and Pikes Peak Intl Raceway, and three additional podium finishes... Raced with factory Kawasaki team.

He was in contention for the AMA Pro Honda Oils 600 SuperSport title, with two wins and five additional podium finishes... Raced with factory Kawasaki team.

1999 Bostrom suffered an injury at the Daytona season opener and was forced to sit out the first two season races... He just missed the AMA Superbike podium at the Mid-Ohio and Brainerd Intl Raceway rounds with fourth-place finishes... Also contested the Pro Honda Oils 600 SuperSport series, best result was fourth-place at Laguna Seca... Raced with American Honda.

1998 Eric Bostrom won a third AMA national title in as many years, taking the Pirelli Formula Xtreme championship with nine wins and one podium finish in the 11 race series... Eric stunned fans and insiders alike when he won the second and third Superbike races of his career, riding in place of the injured Miguel Duhamel... Raced with Erion Honda.

1997 Won the Progressive Insurance Harley-Davidson SuperTwins Championship, winning 10 of the 11 series races... Raced in the Teamline 750cc SuperSport Series, best finish was sixth-place at New Hampshire Intl. Speedway. Had four top-10 finishes in the Pro Honda Oils 600cc SuperSport Series... Rode for Zero Gravity Racing.

1996 Split his time between road racing and dirt-track racing... Earned the AMA Harley-Davidson 883cc Dirt Track Series title, taking four wins in the series for Bartel's Harley-Davidson... Earned three podium finishes in SuperTwins.

Eric Bostrom continued

1995 Earned his highest career ranking in the SuperTwins Series... Took three podium finishes in SuperTwins, including a second at Loudon.

1994 Took three top-five finishes in SuperTwins... Earned his first AMA national road racing points in the SuperTwins final at Laguna Seca where he finished 16th.

Damon Buckmaster

Birth date: March 31, 1973
Birthplace: Gosford, NSW, Australia
Residence: Carrollton, Texas
Height: 5'89"
Weight: 155 lbs.
Turned Pro: 1999

Year-end AMA Ranking

2003 2nd (Supersport), 2nd (FX)
2002 3rd (Supersport), 3rd (FX)
2001 2nd (FX)
2000 35th (SB), 10th (600SS), 2nd (750SS)
1999 16th (600SS), 11th (750SS)
1995 79th (SB)

Career Highlights

2003 Buckmaster contested the AMA Formula Xtreme series, earning wins at Pikes Peak Intl Raceway and Road America, and taking three additional podium finishes... He also raced in the AMA Supersport Championship, taking a victory at Virginia Intl Raceway, and earning five additional podium finishes... Raced with Yamaha Motor Corp. team.

2002 Buckmaster competed in the AMA U.S. Supersport series, earning second-place finishes at Road America and Mid-Ohio... He also contested the AMA Formula Xtreme series, earning four wins in that series... Raced with Graves Yamaha team

2001 Buckmaster won the Road America and Laguna Seca rounds of the AMA Formula Xtreme Championship, and took four additional series podium finishes... Raced with factory Yamaha team.

2000 With three victories and four additional podium finishes, Buckmaster was the runner-up for the AMA 750 SuperSport title... He also competed in Pro Honda Oils 600 SuperSport, taking five top-ten finishes... Raced with Team Mazda Chaparral Suzuki.

1999 A pre-season training accident sidelined Buckmaster for the first half of the season... He returned to take the AMA Lockhart Phillips USA 750 SuperSport win at Brainerd Int'l Raceway and second-place at Pikes Peak Int'l Raceway... Also took third-place at the Pro Honda Oils 600 SuperSport race at Laguna Seca... raced with Team Mazda Chaparral Suzuki.

1998 Won the Australian 600 SuperSport Championship with four wins... Competed in the Australian Superbike series, ranked fourth in points.

Giovanni Bussei

Residence: Italy

Year-end AMA Ranking

2003 16th (SB)

Career Highlights

2003 Bussei was called up mid-season to race in the AMA Superbike Championship for the Austin Ducati team, after the team and rider Anthony Gobert split... Bussei earned a second-place in race #2 at Barber Motorsports Park, and had three additional top-five finishes.

Chris "Opie" Caylor

1985 7th (F1)
1984 12th (F1)

Career Highlights

2003 Chandler raced a limited season in AMA Supersport, his best result a sixth-place at California Speedway... He entered the AMA Formula Xtreme series, best result was 10th-place at Infineon Raceway... Raced with No Limits Honda team.

2002 Chandler started the Superbike season without a ride, but was picked up by the HMC Ducati team after the Daytona season-opener... A qualifying crash at Road Atlanta forced Chandler to withdraw from that doubleheader race weekend... He earned podium finishes at Brainerd Intl Raceway, Laguna Seca and Virginia Intl Raceway... Raced with HMC Ducati team.

2001 Chandler climbed the AMA U.S. Superbike podium at Pikes Peak Intl Raceway with a third-place finish, and took four additional top-five finishes... Raced with factory Kawasaki team.

2000 Chandler took third-place at the Daytona season opener. Though he had his first winless season since 1996, Chandler's consistent top-10 finishes put him in fifth-place in the season rankings. He took second-place at the Daytona round of the Pro Honda Oils 600 Supersport series... Rode with factory Kawasaki team.

1999 Veteran Superbike pilot Chandler took victories at New Hampshire Int'l Speedway, Mid-Ohio and Pikes Peak, and placed on the podium at Sears Point and Laguna Seca... Raced for Muzzy Kawasaki.

Doug Chandler continued

1998 In the hunt for his record fourth MBNA Superbike title, Chandler just missed, finishing the season as the runner-up for the MBNA Superbike championship... He had six wins and an additional podium finish in Pro Honda Oils 600 SuperSport, and finished as runner-up for that series championship... Rode with Muzzy Kawasaki.

1997 Consistent podium finishes and a win at Laguna Seca earned Chandler his third AMA MBNA Superbike title... Rode with the Muzzy Kawasaki Team... Nominated for the AMA/Speedvision Athlete of the Year Award.

1996 Returned to the Muzzy Kawasaki Superbike team and won his second AMA Superbike Championship... Finished on the podium seven of 10 Superbike events... Superbike victory at Laguna Seca was his first AMA National victory since 1990... Rode what many considered the best race of his career in victory at the Superbike finale in Las Vegas... Raced a limited 750cc SuperSport schedule, Muzzy Kawasaki withdrew from the series halfway through the year... Was a nominee for the AMA/Speedvision Pro Athlete of the Year.

1995 Two top-10 Superbike finishes on the Harley-Davidson VR1000, a ninth at Loudon and a seventh at St. Louis... Rode for Harley-Davidson... Broke his collarbone in the very first Superbike race (The Daytona 200), and rode injured the rest of the season.

1991-94 Rode in the 500cc Grand Prix World Championships.

1990 Won the AMA Superbike title riding a Muzzy Kawasaki... Won four Superbike races and finished on the rostrum in every race... Won four 750 SuperSport races, but lost the championship to teammate Scott Russell... Named as Nominee for the AMA Pro Athlete of the Year Award.

1989 Suffered through a terrible year in Superbike, when the Kawasaki developed mechanical problems at nearly every race... Won the two races (Mid-Ohio and Topeka) that the bike stayed together... Mid-Ohio was his first Superbike National win... Won the 750 SuperSport race at Mid-Ohio.

1988 Finished third in every Superbike race he finished and third in the series... Rode a Supertrapp-sponsored Honda. 1987 - Rode a Honda sponsored by Freddie Spencer and Supertrapp in his first season in Superbike... Best finish was third at Sears Point, the final event of the season... Finished in the top-10 in seven of the nine races.

1986 Rode a Honda RS500 GP bike sponsored Freddie Spencer and Supertrapp.

1985 Rode a Honda 500cc GP bike in Formula One.

1984 Raced in a few Formula One events to earn points in the Grand National Series, which at the time paid points in dirt track and road racing.

Mike Ciccotto

Career Highlights

2003 Duhamel earned his fourth Daytona Intl Speedway AMA Superbike victory and made seven additional podium appearances in the series... He also raced in AMA Supersport, taking a win at Brainerd Intl Raceway and two additional series podium finishes... Raced with American Honda.

2002 All-time AMA U.S. Superbike win list leader Duhamel came on strong at the Road America double-header, sweeping the AMA U.S. Superbike races there... He had five additional Superbike podium finishes... Finished the season ranked third in AMA U.S. Superbike points... He entered the Daytona round of the AMA U.S. Supersport series, earning a third-place finish... Raced with American Honda.

2001 Duhamel took four AMA U.S. Superbike podium finishes... He earned AMA U.S. SuperSport victories at Daytona Intl Speedway, Mid-Ohio and Brainerd Intl Raceway... Raced with factory Honda team.

2000 Duhamel won the Brainerd Intl Raceway round of the AMA Chevy Trucks U.S. Superbike Championship... He also won the Road America round of the Pro Honda Oils 600 SuperSport series... Raced for American Honda.

1999 Duhamel returned to racing with lingering injuries incurred the season before, but stunned the crowd at the Daytona 200 by winning both the AMA Superbike and Pro Honda Oils 600 Supersport races... Also took second-place at the Sears Point Pro Honda Oils 600 SuperSport race... His season was cut short by a crash at Road Atlanta... Rode for American Honda.

1998 Duhamel's MBNA Superbike season was cut short by a season-ending accident, incurred while qualifying for the New Hampshire Intl Speedway race... Before the injury Duhamel was in contention for the title, having won four MBNA Superbike races, and taking second-place at another two... Duhamel also contested the Pro Honda Oils 600 SuperSport series, where he won the Sears Point race, and took an additional four podium finishes... Raced with American Honda.

1997 Won his fifth Pro Honda Oils 600cc SuperSport title with five wins and two podium finishes... Was the runner up for the MBNA Superbike Series title with four wins... Nominated for AMA Speedvision Athlete of the Year... Rode for Smokin' Joe's Honda.

1996 Won four Superbike races (Daytona, Pomona, Homestead and Loudon) and finished on the Superbike podium six times in 10 races... Finished on the 600cc SuperSport podium in all but three events and won his fourth 600cc SuperSport title... Is the winningest rider ever in 600cc SuperSport with 28 career wins... Moved into a tie with Doug Polen for fifth in the AMA Superbike win list with 13 career victories... Rode for Honda.

1995 Named AMA Pro Athlete of the Year... Duhamel became the first Canadian to win the AMA Superbike title... In HP4 600 SuperSport Duhamel was equally dominant winning nine of the 11 rounds... Returned to Honda... Set a record of six consecutive AMA Superbike victories with his win at Sears Point, breaking a record of five consecutive wins set by Wayne Rainey in 1986... Broke record held by Doug Polen of consecutive 600cc SuperSport wins with his eighth-straight victory set at Firebird Raceway... Recorded a third-place finish at the U.S. round of World Superbike.

1994 Was picked by Harley-Davidson as the rider to debut its new VR1000 Superbike... Led parts of the Mid-Ohio and Brainerd Superbike finals on the VR1000, the first and only time the Harley led an AMA Superbike race.

1993 Dominated 600cc SuperSport on a Kawasaki, winning seven races, and winning his second title in the class... Won Superbike final at Sears Point, beating Doug Polen by inches at the finish line.

1992 Won the FIM World Endurance Team Championship with Team Kawasaki France... Competed in the 500cc Grand Prix World Championship for Team Yamaha France, finishing 12th in the series.

1991 Won the Daytona 200 as a replacement rider for the injured Randy Renfrow on the Camel Honda team... Won seven 600cc SuperSport races en route to winning the championship, his first AMA title.

1990 Won first AMA Superbike race riding for Yoshimura Suzuki at Topeka, Kansas...Earned Superbike Rookie of the Year Award.

1989 Raced for Honda in FIM Endurance Cup and Team Suzuki in Canadian Superbike races... Rode a limited AMA 250 Grand Prix schedule, best finish was fourth at Road Atlanta... Scored his very first AMA National points with a 12th in the 600cc SuperSport final at Daytona on March 12 riding a Suzuki, later that same day he rode to eighth in the 250GP final on an Aprilia.

1988 Turned road race pro in Canada.

2001 18th (SB), 2nd (600SS)

2000 Did not race AMA

1999 3rd (SB)

1998 9th (SB)

Career Highlights

2003 Anthony raced a partial season in AMA Superbike before he and the Austin Ducati team parted company... His best Superbike result was a fourth-place in race #1 at Road Atlanta.

2002 Gobert raced a limited season due to injury, but took the AMA U.S. Superbike Championship win in race one at California Speedway, and earned third-place at the Daytona season-opener... He also competed in the AMA U.S. Supersport series, earning second-place finishes at California Speedway and Sears Point Raceway... Raced with factory Yamaha team.

2001 Gobert took the AMA U.S. Superbike victory at Sears Point, and at race two of the Road America doubleheader... He was injured in a mid-season crash at New Hampshire Intl Speedway, taking him out of series contention until the U.S. Superbike season finale at Virginia Intl Raceway, where he took second-place... Contested the AMA U.S. SuperSport Championship, taking victory at Sears Point and Virginia Intl Raceway and three additional series podium finishes... Raced with factory Yamaha team.

2000 Gobert spent the season racing with a variety of teams in different race series around the globe... He entered several rounds of the World Superbike series with the Bimota team, taking a win at the Phillip Island, Australia, round before the team was dissolved. He entered the British round of the World 500 Grand Prix series with the Roberts Modenas team... Gobert also raced in the British Superbike series with Virgin Yamaha, and the Australian Superbike Championship on the Winfield Honda.

1999 Gobert took five AMA Superbike wins and two additional podium finishes aboard the Vance & Hines Ducati and was in contention for the series title, but did not enter the series final due to an injury... He finished the season ranked third in points.

1998 Described by many as one of the most naturally talented Superbike pilots on the circuit, Vance & Hines Ducati rider Gobert was in contention for the AMA Superbike Title -- with three wins and three podium finishes -- before being handed a three-race suspension for failing a drug screening.

1997 Raced for the Lucky Strike Suzuki team in the World 500cc Grand Prix circuit, ranked 15th.

1996 Ranked eighth in the World Superbike series.

1995 Ranked fourth in the World Superbike series.

Career Highlights

2003 For the third time in his career Oliver scored a perfect season in AMA 250 Grand Prix racing, with 11 wins... Raced with Team Oliver Yamaha.
2002 Oliver took four wins in the AMA 250 Grand Prix series, with two additional second-place podium finishes... Raced with Team Oliver Yamaha.
2001 Oliver earned seven AMA 250 Grand Prix wins and an additional series podium finish... Raced with Team Oliver Yamaha.
2000 Oliver returned to focus on his specialty - the AMA 250 Grand Prix series... He won all but two series races, however, disappointing results at Daytona and New Hampshire Intl Speedway prevented him from capturing a fifth series championship... Raced with Team Oliver Yamaha... Served as media representative for factory Yamaha team.
1999 Oliver took third-place at the AMA Superbike race at the Daytona 200... Competed in the Pro Honda Oils 600 SuperSport series, best result was fifth-place at Laguna Seca...Raced with factory Yamaha team.
1998 Oliver devoted his talents to MBNA Superbike racing, and finished the season ranked fourth in championship points...He captured the Interstate Batteries Pole Award at round one of the Road Atlanta "Big Kahuna" doubleheader, and took his best Superbike finish of fourth-place there... raced for Factory Yamaha team.
1997 Won the Elf Fuels and Lubricants 250 Grand Prix series for the fourth year in a row, and for the second year in a row won every race of the season... Beat his own record for all-time Grand Prix wins with 42...Team Oliver won the AMA Pro Racing Award of Mechanical Excellence... Raced in Pro Honda Oils 600 SuperSport series and placed on the podium at Brainerd Int'l. Raceway. Will focus on MBNA Superbike Series in 1998.
1996 Was named as nominee for AMA Pro Athlete of the Year for the second time in his career... Won his third AMA 250cc Grand Prix Championship... Became the first rider in AMA 250cc Grand Prix history to win every race... Became the all-time winningest rider in AMA 250 Grand Prix history with 32 career victories... Signed with Yamaha to race 250cc GP and 600cc SuperSport in 1997. Oliver also won every heat race and was the lap leader at all the events... Average margin of victory was 15.3 seconds... Mike Sullivan holds the honor of finishing the closest to Oliver all season; only 7.7 seconds behind Oliver at Pomona.
1995 Was the winner in seven of 10 AMA 250cc Grand Prix events on his Team Oliver/Yamaha... Won his second AMA 250cc GP Championship... Won the pole for eight of the 10 250GP finals... First full season as team owner... Tied Jimmy Filice for AMA record of 22 career 250 GP wins... Completed his 16th year of professional road racing.
1994 Won his first AMA 250GP title riding a Performance South Yamaha... Won eight of 10 250GP races... Was named as a nominee of the AMA Pro Athlete of the Year.
1993 Won the AMA 250GP at Road America to become only one of two riders to win a race in the series.
1992 Finished 10th in the final AMA 250GP standings after riding a limited schedule.
1991 Won the Western Eastern Roadracers' Association (WERA) Formula USA Championship riding a Marlboro Yamaha 500cc Grand Prix machine.
1990 Won the Daytona International Lightweight Grand Prix (AMA 250GP) on a Marlboro Yamaha.
1989 For the second-straight year was the only rider besides John Kocinski to win an AMA 250GP race (Road Atlanta).
1988 In a season dominated by John Kocinski, Oliver won the Road America AMA 250GP, becoming the only rider to beat Kocinski that year.
1987 Had two podium finishes (Daytona and Road America) in AMA 250GP, finished seventh in the series.
1986 Won his first AMA National at Pocono in the 250GP class, in his first year in the series.
1985 Finished ninth in the AMA Superbike race at Laguna Seca on a Kawasaki.
1984 Had six top-five Superbike finishes on a Kawasaki.
1983 Finished fifth in the Superbike race at Pocono.
1982 Raced in a few AMA Superbike events in his native California, finished 11th at Riverside and Sears Point.
1981 Finished ninth at the Seattle AMA Superbike event.
1980 First career AMA points paying finish, 12th in the Laguna Seca Superbike race.

Larry Pegram

Birth date: September 5, 1973
Birthplace: Columbus, Ohio
Residence: Baltimore, Ohio
Height: 5'9"
Weight: 155 lbs.
Turned Pro: 1988

Year-end AMA Ranking

2003 14th (SB), 50th (Supersport)
2002 39th (SB), 29th (Superstock)
2001 11th (SB)
2000 13th (SB)
1999 5th (SB)

Aaron Yates

Birth date: December 13, 1973

Birthplace: Columbus, Georgia

Residence: Milledgeville, Georgia

Height: 6'

Weight: 170 lbs.

Turned Pro: 1991

Year-end AMA Ranking

2003 2nd (Superbike), 53rd (Supersport)

2002 5th (SB), 1st (Supersport),

2001 13th (SB), 7th (600SS)

2000 3rd (SB), 6th (600SS)

1999 8th (SB), 5th (600SS)

1998 5th (SB), 10th (600SS)

1997 5th (SB), 3rd (600SS)

1996 6th (SB), 1st (750SS)

1995 23rd (SB), 7th (750SS), 17th (ST)

1994 6th (750SS), 9th (ST)

1993 12th (600SS), 9th (750SS)

Career Highlights

2003 Yates took AMA Superbike wins at Road Atlanta, Brainerd Intl Raceway and Barber Motorsports Park, and earned seven additional podium finishes... Finished the season as runner-up for the title... Raced with American Suzuki team.

2002 Yates earned seven AMA U.S. Superbike podium finishes... He also competed in the AMA U.S. Supersport Championship, winning that title with five victories, three additional podium finishes, and four pole positions... Raced with Blimpie Yoshimura Suzuki team.

2001 Yates took four AMA U.S. Superbike podium finishes... His best result was a second-place at race two of the Road Atlanta doubleheader... He was injured in a crash while leading the AMA U.S. Superbike race at Laguna Seca, suffering a broken wrist/arm and missing the next three races... Yates won the Road America round of the AMA U.S. SuperSport Championship, and earned four additional series podium finishes... Raced with Yoshimura Suzuki team.

2000 Yates achieved his highest AMA Superbike ranking to date by sweeping both rounds of the AMA Chevy Trucks Superbike doubleheader at Mid-Ohio and making five additional podium appearances... Raced with Yoshimura Suzuki.

1999 Yates just missed the AMA Superbike podium with fourth-place finishes at Sears Point, Laguna Seca and Road Atlanta... He took the Pro Honda Oils 600 SuperSport win at Pikes Peak, and had three additional podium finishes in that series... Rode with Muzzy Kawasaki.

1998 Yates had a remarkable comeback after missing three mid-season races due to injury... Took Pro Honda Oils 600 SuperSport wins at Brainerd and Las Vegas, and placed second at Phoenix, Elkhart Lake and Loudon... Raced MBNA Superbike, won at Loudon and Mid-Ohio, and one additional podium at Phoenix. Finished outside the top-10 just once... Rode for Yoshimura Suzuki.

1997 Took Pro Honda Oils 600 SuperSport wins at Laguna Seca and Las Vegas, and had six podium finishes... Raced MBNA Superbike, had four podium finishes and finished outside the top-10 just once... Rode for Yoshimura Suzuki.

1996 Took his first career AMA Superbike win at Sears Point, and earned the Superbike pole... Won the 750 SuperSport title in his first year as a factory rider... Finished on the podium at every 750cc SuperSport except Pomona, Calif., where he rode with a broken collarbone... Won five 750cc SuperSport finals including his very first race with Yoshimura Suzuki at Daytona.

1995 Entered the first Superbike races of his career on his SuperSport-spec bike, his best finish was eighth at Sears Point... Entered select SuperTwins race and won at St. Louis... Won three SuperTwins poles... Had four podium finishes in 750 SuperSport... Rode for Team Suzuki Sport... Co-rider with SuperTeams Champion Cycle Motion Racing... Was signed by Yoshimura Suzuki to contest the AMA Superbike Series in 1996.

1994 Earned his first AMA National win at Loudon in the SuperTwins final... Rode to two podium finishes in 750 SuperSport, including a second at Sears Point.

1993 Earned his first AMA National points with a 21st-place finish in the 750 SuperSport final at Daytona... Three top-10 finishes in 750 SuperSport with a season best sixth at Mid-Ohio... Two top-10 finishes in 600 SuperSport with a sixth at Loudon his top placing.

Jake Zemke

Birth date: December 15, 1975

Birthplace: San Francisco, California

Residence: Paso Robles, California

Height: 5'6"

Weight: 150 lbs.

Turned Pro: 1992

Year-end AMA Ranking

2003 5th (Supersport), 3rd (FX)

2002 8th (Supersport), 2nd (FX)

2001 6th (600SS), 47th (750SS), 4th (FX)

2000 8th (600SS), 2nd (FX)

1999 52nd (SB), 15th (600SS), 2nd (750SS)

1998 9th (750SS)

1997 3rd (ST), 66th (FX)

Career Highlights

2003 Zemke won the Mid-Ohio round of the AMA Supersport Championship and earned two additional series podium finishes... He won the Brainerd Intl Raceway round of the AMA Formula Xtreme series, and took seven additional series podium finishes... Raced with American Honda.

2002 Zemke raced in the AMA Formula Xtreme series, taking a win at Laguna Seca and earning six additional podium finishes... He also raced in the AMA U.S. Supersport series, earning a win at Brainerd Intl Raceway... Entered select AMA U.S. Superbike rounds, earning a fifth-place finish at Brainerd Intl Raceway... Raced with Bruce Transportation Honda team.

2001 Zemke won the Brainerd Intl Raceway round of the AMA Formula Xtreme Championship and took third-place at Pikes Peak Intl Raceway... Contested the AMA 750 SuperStock Championship, best result was 15th-place at Road America... Raced with Erion Honda team.

Jake Zemke continued

2000 Zemke won the AMA Formula Xtreme race at Willow Springs Raceway, and had four additional series podium finishes... He also contested the AMA Pro Honda Oils 600 SuperSport series, taking a season-best finish of seventh-place at Brainerd Intl Raceway... Raced with Bruce Transportation Honda team.

1999 Zemke took seven podium finishes in AMA Lockhart Phillips USA 750 SuperSport and ended the season as runner-up for the series title... Best Pro Honda Oils 600 SuperSport result was ninth-place at Willow Springs... Entered the AMA Superbike race at Laguna Seca and took 16th-place... Raced with 1-800 CYCLE GEAR Suzuki team.

National Wins by Rider

AMA Chevrolet Superbike Championship – Class & Qualifying

The headliner in U.S. motorcycle road racing is the highly competitive AMA Superbike Championship. Superbikes are racing motorcycles that are modified versions of machines originally sold for street use. The concept of Superbike racing is similar to that of championship stock car racing—to have machines that visually resemble production models, while allowing freedom to the tuner to improve the power and handling characteristics of the machine.

Superbike class rules apply to 1000cc motorcycles. These rules can be found in the AMA Pro Racing Rulebook Equipment Standards section.

Final AMA Superbike races are normally 100 kilometers in length, except at the Daytona 200, where the race is 200 miles.

Superbike Qualifying brief:

Timed qualifying is used for AMA Superbike races. For timed qualifying events, a rider's best lap time must be within 110% of the fastest qualifying rider's best lap time, in order to pre-qualify for one of the available grid positions in the final event.

AMA Pro Honda Oils Supersport Championship & Repsol Superstock Series – Classes & Qualifying

AMA Supersport and AMA Superstock are the closest motorcycles to showroom stock in the AMA Chevrolet Superbike Championship, and are based on production four-stroke street motorcycles. The motorcycles in this class generally provide some of the closest racing around the racetrack, and use the following engine displacements:

Supersport: 0-600cc multi-cylinders

Superstock: 745cc-1000cc multi-cylinders

The final race for both classes is normally 60 kilometers in length.

Qualifying brief:

Timed qualifying is used in AMA Supersport and Superstock. For timed qualifying events, a rider's best lap time must be within 112% of the fastest qualifying rider's best lap time in order to pre-qualify for one of the available grid positions in the final.

AMA Lockhart Phillips USA Formula Xtreme Series – Class & Qualifying

AMA Formula Xtreme motorcycles are allowed the largest displacement engines in the AMA road racing and are based on production four-stroke street motorcycles. The motorcycles in this class must have the following engine displacements:

450cc-600cc multi-cylinder

595cc-750cc liquid-cooled twin-cylinder

850cc-1350cc air-cooled twin-cylinder

AMA Formula Xtreme final races are normally 60 kilometers in length

Qualifying brief:

Timed qualifying is used in AMA Formula Xtreme. For timed qualifying events, a rider's best lap time must be within 112% of the fastest qualifying rider's best lap time in order to pre-qualify for one of the available grid positions in the final.

AMA Superbike Championship and Classes: Rules Brief

The following sections are excerpts from the AMA Pro Racing rulebook. For complete race rules, consult AMA Pro Racing official rulebook.

Race Rules

A. The Racing Program

Each round of the AMA Chevrolet Superbike Championship consists of a number of races usually conducted over a three-day weekend. Riders in each class are given practice time on the track leading up to one or more timed qualifying sessions, which set the field for final races. Finals in the Superbike class normally run 100 kilometers, while other classes typically have 60-kilometer finals. Several of the rounds of the series are doubleheaders in the Superbike class.

B. Participant Regulation

Every club, association, company, promoter, rider and all other persons participating or in any way connected with an AMA race meet, will be deemed participants and therefore bound by the AMA Pro Racing Rulebook.

C. Pit / Paddock Regulations

1. Riding of competition motorcycles, other than on the racetrack or designated test area, is strongly discouraged.
2. Any operation of a vehicle in the paddock must be at a very slow, acceptable speed (15 MPH maximum).
3. When a rider or mechanic is testing a motorcycle, that person must wear a helmet and be dressed to offer some protection (pants, shirt, shoes).
4. Smoking is not allowed in pits, grid, signal area, or other restricted areas.
5. Persons under 16 years of age are not allowed in hot pits, grid, signal area, or other restricted areas.
6. Pets are not allowed in pits, grid, signal area, or other restricted areas. Pets in the paddock must be on a leash or properly contained.
7. Before leaving a race facility, it is the responsibility of riders/teams to deposit all of their waste fuel, motor oils, coolants and all other hazardous wastes in racetrack-provided, proper hazardous waste locations only. Should containers not be available on-site, riders/teams must transport such items from the facility for proper disposal. All tires, batteries, fuel drums and any other materials deemed to be hazardous waste must be removed from racetrack property at the conclusion of the event.

D. Rider Briefings

1. All riders entered in a meet must attend rider briefings.
2. The Race Manager may call roll or spot-check attendance.

E. Technical Inspections

1. Technical inspections of motorcycles, equipment and riding apparel may be held prior to and after a race meet or at other times as determined by the Race Manager or Chief Technical Inspector.
2. Regardless of a motorcycle, equipment or apparel passing prior inspections, all equipment must be in compliance with the rules at the post-race inspection.
3. Only motorcycles having passed tech inspection will be allowed on the racetrack. Motorcycles must be class legal and must meet all equipment requirements.
4. More than one motorcycle per class may be presented and passed through initial tech inspection.
5. Race Manager may require post-race inspections to begin at any time following the completion of an event.
6. During post-race technical inspections only two working mechanics for each impounded motorcycle are permitted in the inspection/impound area. Only AMA officials or AMA-designated personnel may inspect impounded motorcycles or equipment.

F. Motorcycle Usage

Riders must start and complete any race on the same motorcycle (same main frame) except in Superbike where a back-up motorcycle may be used under certain red flag conditions. See Procedures for Red Flag Stops and Restarts.

G. Bulletins and Supplementary Regulations

Competition bulletins or supplementary regulations established by the AMA for the purpose of implementing, interpreting and enforcing these competition rules will be deemed to be part of the rules.

H. Substance Abuse Policy

In the interest of maintaining the integrity of motorcycle sports, the AMA has established a Substance Abuse Policy and from time to time conducts tests for drugs and alcohol. Compliance with the AMA's Substance Abuse Policy is an essential precondition to the issuance of Professional Competition licenses. Any violation of the policy, or refusal to submit to testing as requested by the AMA, will result in the immediate cancellation of licenses and loss of all rights to compete in AMA Professional or Amateur sanctioned events. See Substance Abuse Policy under Offenses, Penalties, Protests and Appeals.

I. Intravenous Rehydration

1. At no time during a meet will a rider receive any type of intravenous rehydration unless such rehydration is deemed medically necessary by appropriate medical personnel as a result of an emergency medical situation (e.g. heat stroke) encountered by a rider during, or as a result of competing in, an event or the practices or heat races or qualifying sessions which are part of an event.
2. Once a rider receives such rehydration during a meet, that rider will not be permitted to compete in any further events including, but not limited to, any further practice sessions, heat races, qualifying sessions or final events comprising any event in the meet unless and until the rider is released by the medical personnel who treats the rider for the specific emergency medical situation at issue.

J. Track Rentals - Unofficial Practice

1. At racetrack facilities where road races are to be held, exclusive track rentals by participants, including manufacturers, teams or individuals, within ten days preceding the first day of official practice, are not allowed. Regional race meets, promoter/racetrack organized open practice and open schools are not restricted.
2. Riders who are employed or contracted by the manufacturers or their US distributors as factory team members in all classes are not permitted to take part in any practices or schools at a track within ten days preceding the first day of official practice of a national road race:

K. On Track Regulations

1. No rider may, at any time, ride in such a manner as to endanger life or limb of other riders, officials or the public.
2. No one, except riders officially entered, or event officials may ride or practice on any race course during the meet. Unofficial practice during the race meet is prohibited.
3. Unless directed to do so by the Race Manager or his designee, no one at any time will be permitted to ride a motorcycle in the wrong direction on the track or pit road.
4. During a red flag period of a race, repairs, adjustments, or refueling may be made to competing motorcycles only in the designated pit or work area. Any motorcycle that enters the paddock or garage area will be prohibited from returning to the racetrack. Crash trucks retrieving disabled motorcycles from the track may pass through the paddock/garage area to deliver such motorcycles to the designated pit area.
5. A rider may make repairs during a race, without assistance, in a suitable area off the race course.
6. Any form of outside assistance to riders on the course is forbidden except when the assistance is given by corner marshals or officials placed by the Race Manager for the purpose of control with the following exceptions:
 - a. Assistance by crewmembers is allowed during practice and qualifying.
 - b. Assistance by crewmembers is allowed in the starting grid area for the parade and warm-up laps. Immediately following the start of a race, when the grid is clear, assistance by crewmembers is allowed only to re-start stalled motorcycles. See Procedures for Starts.

7. A rider leaving the course may only continue the race by properly re-entering the course from the closest point to where that rider left the course without gaining an advantage.

a. The rider must re-enter the course under the direction of the turn marshals if they are present in the area where the run-off occurred.

b. It will be the duty of the meet Race Manager or his designee to make the determination as to whether a rider gained any advantage by leaving the race course and re-entering. A rider may be determined to have gained an advantage without gaining race position.

8. A rider whose motorcycle is disabled before reaching the finish line may, by that rider's own unaided muscular energy, push or carry the motorcycle in the proper direction of the course to complete the race unless the rider is determined to be a hazard by the Race Manager.

9. Testing of any equipment deemed acceptable by AMA Pro Racing may be conducted in practice sessions, at the direction of the Race Manager.

10. Once a rider is issued a scoring transponder it must be correctly attached to their motorcycle at all times when on track. Teams owning hard-wired scoring transponders must have the transponder mounted correctly and connected to power at all times when on track.

L. Flags / Lights

1. Operational Flag / Lights

a. Green Flag/Light: Indicates the start of a race or clear track conditions.

b. Checkered Flag: Indicates the end of a race or practice session. Proceed around the course to the designated track exit.

c. Red Flag: Indicates the race has been stopped. Reduce speed and proceed safely to the pit road.

d. Red Light: May be used for stopping a race as described under Red Flag.

e. Black Flag with 12" Orange Center: Indicates a stop and go penalty. Report to the Pit Steward on the next lap. Number board displayed with the flag indicates rider being signaled.

f. Black Flag: Indicates a problem with your motorcycle or a disqualification. Number board displayed with the flag indicates the rider being signaled. Carefully reduce speed and stop at the first suitable location off the course.

2. Warning Flags / Lights

a. Yellow Flag with Red Stripes: Indicates debris, fluid or a potentially hazardous situation on or near the track. Passing is allowed. Exercise caution.

b. Lime Green with Black Stripes: Indicates the possibility of oil on the track. Passing is allowed. Exercise caution.

c. Yellow Flag / Light

1. Stationary Yellow Flag: Indicates a potentially hazardous situation on or near the track. Passing is allowed. Exercise caution.

2. Waving Yellow Flag/Yellow Light: Indicates serious hazards on or near the track. Proceed with caution. Passing is not allowed from the flag stations displaying the waving yellow flag until the rider is beyond the incident. Violations will be determined from cornerworker reports or other evidence deemed appropriate by the Race Manager.

d. White Flag with Red Cross: Indicates that ambulances, safety vehicles or emergency personnel are on the course. Exercise caution.

e. Blue Flag with Yellow X: Indicates hold position. All riders are to hold position in regard to passing other competitors, but are instructed to close up the distance on riders ahead of them.

1. In events utilizing a Pace Car, this flag will indicate the Pace Car is being dispatched.

2. Pace Car procedures will be detailed at riders meetings as each facility is unique in layout and configuration.

3. Courtesy Flags

a. White Flag: Indicates the final lap of a race.

b. White and Green Flags Crossed: Indicates 1/2 total race distance.

M. Procedures for Qualifying

1. Heat races or timed qualifying may be used for qualifying.

2. For events requiring timed qualifying:

a. Schedule of timed qualifying sessions and number of qualifying positions will be listed in the Supplementary Regulations or the race schedule.

b. The timing point may not be at the finish line at all racetracks.

c. Fastest lap time of each rider will be posted after every timed qualifying session.

d. Qualifying results will determine grid positions.

e. Ties in qualifying times will be broken by the rider who achieved the time first.

3. For timed qualifying events, a rider's best lap time must be within 112% (110% in Superbike) of the fastest qualifying rider's best lap time in order to pre-qualify for one of the available grid positions in the final.

a. At the discretion of the Race Manager, the qualifying percentage regulation may be waived due to special circumstances such as track delays resulting in an extreme reduction in qualifying time, significant changes in weather conditions, etc.

b. Individual rider circumstances will not be considered as sufficient reason to waive this requirement.

c. Should a rider qualified for a final event not be able to take part in that event, the race grids will not be altered to fill their position or to make room for other riders.

4. Riders currently, or at the end of the previous season, listed in the top ten in points in one or more classes, will be permitted one provisional start per season in each of those classes. Such riders will be placed on the back row of the grid should they not qualify through the normal procedure. Riders eligible for provisional starts must notify the race manager in writing of their intent to use a provisional start within one hour of the conclusion of qualifying for each class they are requesting the provisional for.

5. The maximum number of qualified riders allowed to participate in final events will be published in the Supplemental Regulations for each event.

6. In programs that require heat races, a rider must attempt to start a heat in order to qualify for the main event.

N. Procedures for Gridding

1. The official starting line for each starting row will be plainly marked with approximately 30 feet between each row to form a grid.

a. The starting positions will be staggered backward from the pole side resulting in slightly diagonal starting rows. Approximate stagger from position to position will be one meter.

b. Each starting position will be marked by a grid box, approximately 12 inches square, representing the area where the front tire contact patch must be located to be properly staged.

c. Riders who are not properly staged at the green light will be assessed a stop and go penalty on pit road.

2. Grid sheets will be posted indicating row and rider. It is the responsibility of the rider to notify race officials if there is an error in the grid sheet within 30 minutes of posting.

3. Electric power must be disconnected from tire warmers on the pre-grid or grid. Tire-warmer use will be allowed only next to the pit wall in the pit road service areas. Any generators must remain in the cold pit, with only extension cords allowed over the wall.

O. Procedures for Starts

1. An electronic countdown display of numbers will precede the start of each scheduled race. The electronic display and starting lights or flags will be displayed in front of the first row and in view of each rider.

2. Staging announcements will be made prior to the start procedure for each race. All classes will be given a sighting lap and a warm-up lap prior to the start of races. For live TV races, a schedule with the timing of the start procedure will be posted. All riders should report to the designated staging area prior to the final call.

3. Sighting lap procedure:

a. 2 minute board and horn

b. 1 minute board and horn

c. 30 second board and horn

d. Pit lane open for sighting lap. Pit lane exit closed after 1 minute.

e. Riders not taking part in the sighting lap may push their bikes onto the grid at the direction of an official or, depending on the track configuration, may have to start the warm-up lap from pit lane. Tire warmers must be unplugged at this time, including spare bikes.

4. Warm-up lap and Race Start procedure:

a. 3 minute board and horn

b. 2 minute board and horn. All but two team personnel and 1 umbrella person must leave the grid. All adjustments and/or repairs must be completed at this time. Teams that wish to continue making adjustments or repairs must remove the bike from the grid.

c. 1 minute board and horn. Tire warmers must be removed.

5. Refueling after the start of the warm-up lap is not permitted.

6. Riders returning to the grid must position their front wheel inside the box designating their grid position to be properly staged. The #3 will be shown next to the starting light.

7. Riders not in their grid position when the #2 is shown next to the starting light must start from the back of the grid. Riders still on pit lane will be staged at pit out until all riders on the starting grid have passed the pit out staging point following the start of the race.

8. It is expressly prohibited for any rider to take a warm-up lap for any race in which that rider is not an entrant.

9. Once the #5 has been changed to the #4, no rider may begin a warm-up lap.

10. It is the responsibility of the rider to report to the correct grid position. Should the countdown reach #1, and a rider is found in the wrong grid position, that rider will be assessed a penalty.

11. Should circumstances dictate an abort of the countdown, the Starter will stop the displayed countdown and may go back to the previous number displayed. The countdown will resume once the problem is solved.

a. Should the delay be short, the countdown will be resumed at the #2 mark.

b. Should the delay prove lengthy, the countdown will be restarted at the #5 and the riders permitted an additional warm-up lap.

12. Should an engine stall once the #1 has been displayed, the rider should wave to get the attention of the Starter or a Grid Marshall. The rider will be given time to remove the motorcycle from the grid, and will then be permitted to join the race once the field has left the grid.

13. Once the #2 is displayed, there will be, at minimum, a 5 second delay before the #1 is displayed. Following the #1 display there will then be a 2-5 second delay before the green light will be turned on signaling the start of the race. Should a rider's front wheel axle cross the designated front grid mark before the green light signal, the rider will have jumped the start and a penalty will be assessed. This allows a rider virtually no movement before the start is signaled.

14. Starts may be divided and started in separate groups or "waves." Time interval between waves will be determined by conditions at each racetrack.

a. The green light will be activated separately for each wave.

b. Once the first group has started, if it is necessary to abort the start of the remaining groups, the red flag will be displayed immediately and there will be a restart in accordance with the Procedures for Red Flag Stops and Restarts.

15. Wet Start Events

a. The Race Manager will determine whether a pending race will be designated as a wet start event if conditions are threatening or if the track is wet.

b. Should rain begin during a race not originally designated as a wet start event, the Race Manager may stop the race, if track conditions warrant, and designate the restart as a wet start. Any race begun or restarted as a wet start event will not be stopped solely because of drying track conditions.

c. Should a race be designated as wet for any class that did not have any wet practice sessions, a brief wet practice may be organized prior to the race. The sighting lap prior to the warm-up lap may be eliminated depending on the available time.

P. Procedures for Red Flag Stops and Restarts

1. If a race already in progress must be stopped, a red flag will be displayed at the finish line and at all cornerworking stations. Riders should proceed around the track at reduced speed and come to a stop on pit road.

2. Any race start or restart will be considered an official part of the event even if the start or restart does not result in a lap being completed by the leader. Therefore, any infractions will be deemed valid and ruled upon accordingly.

3. When a race is stopped with two laps or less (less than one lap in heat races) completed by the leader, it will be restarted at the beginning of lap one using original starting positions. Riders unable to restart will be listed in the results relative to the order in which they dropped out.

4. Except in heat races, should a race be stopped with more than two laps, but less than 50% of the total laps completed by the leader, the field will be re-gridded for the restart.

a. In order to determine re-grid positions for a restart, riders who ride directly onto the pit road when a red flag is displayed will be credited with completing the lap they were on.

b. Riders' re-grid positions will be determined by their race positions (not track positions) in the lap preceding the red-flagged lap.

5. Should a race be stopped in which 50% (one lap in heat races) or more of the total laps have been completed by the leader, the race may be considered complete at the discretion of the Race Manager. Should the race be restarted, the re-grid will be determined per the procedure utilized for races stopped with more than two laps completed by the leader.

6. Should a race be stopped in which 80% or more of the total laps have been completed by the leader, the race will be considered complete and there will be no restart.

7. Riders who are not present at the starting grid for the original start of a race are barred from any subsequent restarts.

a. Riders who are present at the grid but are unable to start due to a stalled motorcycle may join the race from the pit road or starting grid until the time the race leader completes the first lap.

b. Riders who are unable to join the race by this procedure are barred from any subsequent restarts occurring with more than two laps completed by the leader.

8. In Superbike only, when a race is restarted following a red flag, a rider who was present at the starting grid, but was unable to start or dropped out after the start, is permitted to restart on a back-up motorcycle until two laps have been officially completed, (leader has crossed the finish line to begin the third lap), using the following procedure:

a. Rider must obtain permission from the Chief Steward or Race Manager.

b. All back-up motorcycles must be staged on pit lane or in a designated area and identified to grid officials.

- c. Rider will be gridded on the last row of the restart grid in a position determined by scoring.
- d. Riders who are present at the grid but are unable to start may join the race from the pit road/grid until the time the race leader completes the first lap.

9. Riders determined by the Race Manager to be responsible for stopping a race will be placed on the restart or the finishing order in last place of the lap in which they were scored, in accordance with the restart procedure and relative to their involvement (first rider involved last, next rider involved next to last, etc.).

Q. Pit Road Speed

Pit road maximum speed is 50 mph at all times with the exception of Daytona International Speedway.

R. Stopping on course

Riders must not intentionally stop on course during practice, qualifying, or any race, including cool-down laps.

S. Pit Stops During a Race - Refueling / Servicing

1. Refueling is permitted only on pit road in the rider's pit area, utilizing equipment described in General Equipment Standards, Refueling/Servicing Equipment.
 - a. "Standing by" means close enough to be immediately involved if needed.
 - b. "Ready for use" means with the pin pulled and the nozzle aimed at the motorcycle.
- c. Each rider's crew or team must be equipped with its own fire extinguisher.
- d. Fire extinguisher must be fully-charged and have the following minimum specifications: 5 lb. - BC Rated.
- e. Compliance with this rule will be determined by officials assigned to pit road and is not protestable.
3. The number of crewmembers permitted on the track side of the pit wall for servicing, refueling and tire changes during a race pit stop is limited to four per motorcycle.
 - a. A fifth crewmember may be on the track side of the pit wall solely to perform the fire extinguisher duty as previously described during the refueling process. This crewmember is not permitted to assist or work on the motorcycle while over the wall.
 - b. Any other crewmembers on the track side of the pit wall, above the maximum of five involved with the motorcycle, are allowed to perform signaling/timing duties only in the designated signal area.
4. Pneumatic, hydraulic or electrically-operated motorcycle stands or lifts are not permitted for use during pit stops. Only hand or foot-operated stands are allowed.

T. Race Finishes

1. Races are officially ended for all contestants at the completion of the lap on which the checkered flag is displayed to the winner. Riders will be credited with all laps they complete during a race unless a penalty has been assessed.
2. Should the checkered flag be displayed later than the official distance, the finishing order will be decided on the basis of the official distance. Under any other circumstances, the winner is the leader at the time the checkered flag is displayed.
3. Should a rider be given the checkered flag ahead of the actual winner, or with the winners, the rider will be scored as having completed the race in the race position in which the rider was running at that time.
4. A video camera may be utilized at the finish line to aid the scorekeepers in determining the finishing order of a close race. Should video footage from an AMA designated camera be unavailable or inconclusive for any reason, the scoring of the finish will be based solely on the scorekeepers' decision.
5. Any riders who do not complete the checkered flag lap will be scored in order of finish and laps completed. Riders dropping out of a race on the same lap will be scored in the order that they last crossed the finish line.

U. Official Race Results

1. No official announcement of race results will be given until all scoring materials are examined and approved by the Chief Scorer. Provisional results will then be posted and will become official if a recheck is not requested by a rider within 30 minutes after the posting of those results.
2. If any rechecks are filed within the time limit, a new posting time limit of 30 minutes will be required if changes are made to the previously posted results.
3. The issuing of official results does not exempt riders who competed in the event from penalties for rules violations determined by AMA investigations following the protest period.
4. Riders are entitled to examine their score sheets with the Chief Scorer and to see the recording of their laps on the score sheets.

V. Inclement Weather / Unacceptable Track Conditions

1. Events may be conducted regardless of weather conditions.
2. In the event of rain or other conditions, it may be necessary for the Race Manager to adjust the order of the event schedule, the length of races, practices and qualifying sessions, or to stop the program completely. Should this occur, the Race Manager will make every effort to resume the schedule in a timely fashion if conditions improve sufficiently. See Wet Start Events under Race Rules, Procedure for Starts.
3. If a meet is stopped due to weather or other conditions, riders will be paid for any purse-carrying events which have been completed.

W. Championship Points

1. When the results of National Championship races are declared official, points will be awarded to the top 30 finishers according to the following schedule:

1st	36	16th	15
2nd	32	17th	14
3rd	29	18th	13
4th	27	19th	12
5th	26	20th	11
6th	25	21st	10
7th	24	22nd	9
8th	23	23rd	8
9th	22	24th	7
10th	21	25th	6
11th	20	26th	5
12th	19	27th	4
13th	18	28th	3
14th	17	29th	2
15th	16	30th	1

2. A bonus point will be paid to the fastest qualifier (pole position) in all classes.
3. One bonus point will be paid to the rider leading the most laps in each final event. In the event of a tie for most laps led, the rider in the lead position last will be awarded the bonus point.
4. In the event that there is a tie for a championship, that tie will be broken based on the number of wins in the series. If that does not break a tie, the number of second-place finishes will be compared, then thirds, fourths, etc. until the tie is broken. If a tie remains, the best finish in the last race will determine the champion. Ties will be broken as they occur as well as at the end of the year.
5. Riders must complete a minimum of 50% of the race laps run in order to receive championship points. Riders will not be credited for partial laps, only completed laps will count towards the minimum requirement. However, riders will receive purse money for their earned grid positions if there are purse-paying positions beyond the number of riders listed in the results.

X. Manufacturer Points

1. To establish a manufacturer champion for Superbike, points will be awarded to each manufacturer for its highest-placed finisher in main events.
2. The same 30-place points payoff scale will be used.

**2003 AMA Chevy Trucks U.S. Superbike Championship
Presented By Parts Unlimited Race Results**

SILVERADO. IT'S THE RIGHT TRUCK.

DO YOU HAVE THE RIGHT TRUCK?

- Does your truck offer a Big Block Vortec[®] V8 with the most torque of any gas HD pickup¹ • A Duramax[™] Diesel with an Allison[™] transmission² • The most payload of any HD pickup • QUADRASTEER³ 4-wheel steering⁴ • OnStar⁵ and XM Satellite Radio⁶ • Silverado[®] does • And it's from Chevy, the half-ton pickups with better resale value than Ford and Dodge⁷

Silverado. The right truck. From Chevy. The most dependable, longest-lasting trucks on the road.⁸

SILVERADO  **LIKE A ROCK**

077-THE TRUCK or chevy.com/silverado. All claims are based on latest available competitive information and exclude other GM vehicles. 1. Available only on 2500HD and 3500 models. 2. QUADRASTEER available on specifically equipped 1500 Ext. Cab Short Box and 2500 Crew Cab models. Call or go online to learn more. 3. Available on LS and LT models only. Call 1-888-ONSTAR-7 or visit onstar.com for system limitations and details. 4. Service fees apply. Available in the 48 contiguous states. Visit www.gm.xmradio.com. 5. Based on 1999-2002 model year vehicles and NADA July 2002 trade-in values. 6. Dependability based on longevity: 1991-July 2002 full-line light-duty truck company registrations. Excludes other GM divisions. QUADRASTEER is a trademark of Delphi Corporation. The XM name is a registered trademark of XM Satellite Radio Inc. OnStar is a registered service mark of OnStar Corp. ©2003 GM Corp. Buckle up, America!
